

2014 Cabernet Rose'

Winemakers: Doug Long

AVA: Red Mountain

Blend: 100% Cabernet

Case Production: 200

Alcohol: 14.4% vol.

Fermentation: Stainless Steel

Residual Sugar: .85%

Aging: Stainless Steel

Tasting Notes: Deep pomegranate red color. The nose has captivating aromas of cherry with hints of watermelon and strawberry. On the palette, the mouth-feel is lush and full bodied, with flavors dominated by cherry but blended with subtle watermelon and strawberry. As this wine ages you will see the flavors and nose change to a more distinctive pomegranate and berry. The density and complexity of this wine tells you something very special; it is 100% Red Mountain Cabernet.

Harvest: Behind the beautiful crimson color lies the juice of 100% Red Mountain Cabernet. 2014 was a hot year and the sugars came in quickly and early while flavors of the grapes developed on their own normal schedule. A few days before harvest, the flavors caught up to the quickly developing sugars and the harvest was on. Fruit from all over the region matured a little quicker and harvest was sooner than most years. That being said, the fruit from the Red Mountain was a step above other AVA's with more depth and complexity. The minerality and flavors of Red Mountain are definitely unique.
